

Inbox Attack – Getting an Overhaul

Inbox Attack & Email Ecommerce were merged with B2B Bandits in 2022.

Email marketing, deliverability, ecommerce integration, training and campaign management will continue, however our 'storefront' is gonna be a bit ugly for a minute or three.

Thanks for your patience as we give our digital properties a much needed scrub-down. If you are eager to talk to us, use [this scheduling link](#) or email me [here](#).

I'll expect we'll be back in action (digitally speaking) on April 14th, 2023.
